

BrittVideo Desk

User Guide

Step by step, from your very first sign-in
to delivering a finished Video Kit

Version 3.0.1 · October 2026

Owner test edition — please mark corrections in the boxes at the end of each chapter

How to use this guide

- Do the steps **in order**, one at a time. Each step has a number.
- Words in **BOLD BUTTONS** are the exact buttons on the screen. Words like **Prospects** are names in the menu. Words in *italics* are what you should see.
- The pictures come from a brand-new, empty Desk. The business in them, *Sunrise Family Dental*, is made up for this guide. Its website address in the pictures (127.0.0.1:4000) is a test address — with real clients you will see their real website.
- At the end of each chapter there is a box. Tick whether everything matched, and write down anything that was wrong, confusing or missing. Those notes become the corrections for the resale edition.
- Use the **TEST** copy of the Desk while you learn. Nothing you do there charges real money or contacts real people.

If you get stuck

If anything ever goes wrong, press **GET SUPPORT** at the top left. The Desk writes up the technical details for you. You never need to figure out what broke.

What the Desk does — the big picture

The Desk runs a local video business from one place. Every client follows the same path:

A *prospect* is a business you hope to sell to. When they buy, they become a *client*, and the Desk creates their *project* automatically. A project is the set of videos you make for them.

The Desk sells two packages, and the prices can be changed in Settings:

- **Standard** — \$597 one time: a website video, social videos in three shapes, and an email video.
- **Premier** — \$997 plus \$149 a month: the same kit, plus hosting, a monthly report and a fresh video every quarter.

Contents

GETTING STARTED

- 1 Sign in for the very first time
- 2 Find your way around
- 3 Make the text comfortable to read
- 4 Signing in later, and the lock screen

SET UP YOUR DESK (DO THIS ONCE)

- 5 Check your prices
- 6 Add a helper or your developer (optional)
- 7 Load your demo videos
- 8 Connections (later phases)
- 9 Make your first backup

FINDING CLIENTS

- 10 Add a prospect
- 11 Get pictures from their website

DEMOS AND SALES

- 12 Choose the kind of demo
- 13 Give an in-person demo on the iPad
- 14 Give a demo over Zoom
- 15 Send a follow-up Demo Link
- 16 Record a sale yourself (phone, Zoom or returning client)

YOUR NEW CLIENT

- 17 The new client on your Command Center
- 18 The client page

BUILD THE VIDEO KIT (THE BUILDER)

- 19 Open the Builder
- 20 Step 2 — Analyze the website
- 21 Step 3 — Review the pictures
- 22 Step 4 — Choose the story
- 23 Step 5 — Build the four videos
- 24 Step 6 — Review the scenes
- 25 Step 7 — Approve the Complete Video Kit
- 26 Step 8 — Download and deliver
- 27 Producing the actual videos (today)

EVERYDAY TOOLS

- 28 Quick Video — one short video
- 29 Image Library — more you can do
- 30 Search
- 31 System Health and GET SUPPORT

QUICK REFERENCE

PART

Getting started

Your first ten minutes: sign in, find your way around, and make the text comfortable to read.

1 Sign in for the very first time

The first person to open a new Desk becomes its owner, called the *Super User*. This happens only once.

- 1 Open the Desk address in Safari (your developer gives you the address).
- 2 You see *Welcome — set up BrittVideo*. Type **your name** and **your email**.
- 3 Choose a password of **at least 12 characters**. A short sentence you will remember works well, for example *sunrise morning coffee 2026*.
- 4 Press **CREATE MY SUPER USER ACCOUNT**. The Desk opens on the **Command Center**.

The welcome screen, seen only once on a brand-new Desk.

Important

Write your password down and keep it somewhere safe. If you forget it, only another Super User can reset it.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

2 Find your way around

Every screen has the same dark bar at the top and the same menu under it.

The top bar.

From left to right, the top bar shows:

- *BrittVideo* — the Desk's name.
- A yellow label such as *DEVELOPMENT — test data only* or *TEST*. It means you are in a practice copy. The real (live) Desk has no yellow label.
- A green or orange pill. Green *Work Saved & Protected* means all is well. Orange *Something needs your attention* means the Desk wants you to look at **System Health**. On a brand-new Desk it is orange until the first backup exists (Chapter 9).
- The **search box** — type part of any name to jump to a client, prospect or project.
- **A**, **A+**, **A++** — the text size.
- **GET SUPPORT**, your name and role, and **Sign out**.

The menu under it takes you to each part of the Desk:

Menu	What it is for
Command Center	Your home page: what needs you today, work in progress, sales, revenue.
Prospects	Businesses you hope to sell to. Add, edit, start demos.
Demo & Sales	Start an iPad demo, a Zoom demo, or send a Demo Link.
Clients	Every business that bought, with their orders and history.

Projects	Every video project and its approval status. The Builder opens from here.
Quick Video	One short video (thank-you, review request, promotion...) without a full kit.
Image Library	All your pictures, in folders by business.
System Health	Is everything saved and backed up? Backups live here.
Settings	Prices, people, connections, demo videos, importing old work.

The Command Center on a brand-new Desk. The yellow box only says no backup exists yet.

The Command Center has three big buttons at the top right —

+ NEW PROSPECT, **START A DEMO** and **RECORD A SALE** — and these boxes:

- *Needs attention today* — new clients waiting to start, payments to record, approvals to redo.
- *Production* — projects being built.
- *Sales* — how many open prospects you have.
- *Premier* — *quarterly videos* — Premier clients whose next video is due.
- *Quick Video* — the short-video purposes, with **BUILD A QUICK VIDEO**.
- *Revenue snapshot* — sales this month and monthly Premier income (a simple snapshot, not accounting).

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

3 Make the text comfortable to read

- 5 At the top right, press **A++**. Everything gets bigger, and the menu wraps onto more lines.
- 6 Press **A+** to go back to the normal large size, or **A** for smaller text.

DEVELOPMENT — test data only

START A DEMO

RECORD A SALE

Work is saved, but protection needs attention · Something needs your attention

- Backups: No backup has been made yet. BrittVideo makes one automatically each night; you can also make one now in System Health.

OPEN SYSTEM HEALTH

Needs attention today

Nothing is waiting on you right now.

Production

No projects in progress.

Standard formats tracked per project: Website · Landscape 16:9 · Vertical 9:16 · Square 1:1 · Email.

The Desk with A++ (extra-large text).

Good to know

Each device remembers its own size, so your iPad and your Mac can be different.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

4 Signing in later, and the lock screen

7 Open the Desk address. Type your **Email** and **Password** and press **SIGN IN**.

8 When you finish for the day, press **Sign out** at the top.

The normal sign-in screen (shown here on an iPad).

After an iPad demo, the Desk *locks itself* so a prospect cannot see your business information. You will see *BrittVideo is locked*. Type your password and press **UNLOCK** (more in Chapter 13).

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

PART

Set up your Desk (do this once)

Before your first sale: check your prices, add any helpers, load your demo videos and make the first backup.

5 Check your prices

Only the Super User can change prices.

- 9 Open **Settings**. The **Pricing** tab opens first.
- 10 Under *Default prices* you see the Premier Video Kit, Quick Video, Standard Video Kit and Premier Membership prices.
- 11 To change a price, type the new number, add a **Note** (why you changed it), press **SAVE NEW DEFAULT PRICES**, then **YES, SAVE NEW PRICES**.

Default prices version 1

These are the list prices for new sales. Every past sale keeps the price it was sold at.

Premier Video Kit (one-time)

Quick Video (one-time)

Leave blank: Quick Video has no set price — you enter the agreed price on each sale.

Standard Video Kit (one-time)

Premier Membership (per month)

Note (optional)

SAVE NEW DEFAULT PRICES

What prospects see

Standard — \$597 one-time

- Custom website video, up to 120 seconds
- Social versions: Landscape 16:9, Vertical 9:16 and Square 1:1
- A separate Email Video
- You own and can download your finished files

Premier — \$997 + \$149/month

- Custom website video, up to 120 seconds
- Social versions: Landscape 16:9, Vertical 9:16 and Square 1:1
- A separate Email Video
- You own and can download your finished files
- Vimeo Professional hosting while your membership is active
- Monthly usage and performance report
- One fresh custom video each quarter (up to 120 seconds)
- Cancel anytime — you keep your downloaded files; hosting stops

Price history

Version 1 — Initial prices confirmed by owner: Standard \$597; Premier \$997 + \$149/month

Oct 7, 2026, 8:51 AM

Settings → Pricing. On the right is exactly what prospects see.

Good to know

New prices apply to future sales only. Every past sale, agreement and Premier membership keeps the price it was sold at. The *Price history* list on the right records every change.

Note

Quick Video has no set price on purpose. You type the agreed price on each sale.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

6 Add a helper or your developer (optional)

Everyone gets their own login. Never share yours.

- 12 Open **Settings** and press the **Users** tab.
- 13 Press **+ ADD PERSON**.
- 14 Type their **Name** and **Email**. Choose a **Role**: *Admin* for your developer or a trusted helper; *User* for day-to-day work only.
- 15 Type a **Temporary password** and give it to them privately. They must choose their own the first time they sign in.
- 16 Press **CREATE ACCOUNT**. They appear under *People with access*.

Adding a person.

The Users list. Tick *Extra permissions* to allow more (for example *Change default prices*).

- **TURN OFF ACCESS** stops someone signing in, but keeps everything they did in the history.
- **24-HOUR DEVELOPER ACCESS** gives your developer full access for one day only.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

7 Load your demo videos

Your demo videos are what prospects watch during a demo. One library feeds the iPad demo, the Zoom demo and every Demo Link.

- 17 Open **Settings** and press **Demo Library**. A new Desk already lists ready-made examples for each industry.
- 18 Press **EDIT** on an item, or **+ ADD DEMO ITEM** for a new one.
- 19 Fill in **Title**, **Description**, **Industry**, **Type**, **Length (seconds)** and **Format**.
- 20 In **Video link** paste a Vimeo or YouTube address starting with *https://*. Without a link, the demo shows a dark placeholder box with only the description.
- 21 Under **Whose work is this?** choose *My own sample*, or a client's video. A client's video is shown only if you record how they gave permission.
- 22 Set it to *Shown* or *Hidden* and press **SAVE**.

Settings → Demo Library.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

8

Connections (later phases)

Open **Settings** → **Integrations**. This is where the keys for Square card payments, HeyGen video production, Vimeo hosting and email/text messages go. Keys are stored encrypted and never shown again.

The screenshot shows the 'Settings' page for BrittVideo, specifically the 'Integrations' tab. The page is divided into two main sections: 'Connections' and 'Connection keys'.

Connections:

- Square payments:** Not connected yet. Card payments can be added in Settings → Integrations.
- AI video production:** Not connected yet. Video provider connection arrives in Phase 4. Production kits can still be downloaded.
- Vimeo hosting:** Not connected yet. Vimeo hosting and reports arrive in Phase 5.
- Email & text messages:** Not connected yet. Automatic customer messages arrive in Phase 6. Nothing is sent to customers yet.

Connection keys:

Paste each key from the provider's website. Keys are stored encrypted and are never shown again — not here, not in demos, not in support reports.

- Square access token:** Not set. Paste key. SAVE
- Square location ID:** Not set. Paste key. SAVE
- Square webhook signature key:** Not set. Paste key. SAVE
- Vimeo access token:** Not set. Paste key. SAVE
- HeyGen API key:** Not set. Paste key. SAVE
- anthropic.api_key:** Not set. Paste key. SAVE
- Email service key:** Not set. Paste key. SAVE
- Text message service key:** Not set. Paste key. SAVE

Settings → Integrations. Most connections arrive in later updates.

Not active yet

In this version, card payments are tested with a test card, video production is done outside the Desk, and no emails or texts are sent to customers. See *Not in the Desk yet* at the end of this guide.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

9 Make your first backup

The Desk backs itself up every night. Making one now clears the orange *Something needs your attention* pill on a new Desk.

23 Open **System Health**.

24 Press **MAKE A BACKUP NOW**. You see *Backup created and checked*.

25 Refresh the page (or open another page). The top pill turns green: *Work Saved & Protected*.

System Health after the first backup.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

PART

Finding clients

Add the businesses you want to sell to, and collect pictures from their websites before you visit.

10 Add a prospect

- 26 Open **Prospects** (or press **+ NEW PROSPECT** on the Command Center).
- 27 Type the **Business / facility name** and **Website**.
- 28 Choose the **Industry**: *Senior Care, Dental, Attorneys* or *Other*. For *Other*, also type the **Type of business** (for example *Plumbing*).
- 29 Add the **Contact name**, **Email** and **Phone** if you have them.
- 30 Type anything private in **Private notes** — only you see these; they are never shown in a demo.
- 31 Wait a moment: ✓ *Saved* appears next to the button. Your typing is kept even if you close the page.
- 32 Press **ADD PROSPECT**. You see ... *was added*.

Private notes:

ADD PROSPECT ✓ Saved

Duke City Plumbing was added.

Your prospects

Prospect Name	Buttons
Duke City Plumbing New OTHER — Plumbing - dcplumb.example - added Oct 7, 2026	IPAD DEMO ZOOM DEMO DEMO LINK RECORD A SALE EDIT
Rio Grande Law New Attorneys - riolaw.example - added Oct 7, 2026	IPAD DEMO ZOOM DEMO DEMO LINK RECORD A SALE EDIT
Sandia Senior Living New Senior Care - sandialiving.example - added Oct 7, 2026	IPAD DEMO ZOOM DEMO DEMO LINK RECORD A SALE EDIT
Sunrise Family Dental New Dental - 1270.0.14000 - added Oct 7, 2026	IPAD DEMO ZOOM DEMO DEMO LINK RECORD A SALE EDIT

Your prospects, each with its demo buttons.

Good to know

Adding the same business twice never makes a duplicate — the Desk says it is *already in your list*.

Next to each prospect: **IPAD DEMO**, **ZOOM DEMO**, **DEMO LINK**, **RECORD A SALE** and **EDIT** (edit details, or **ARCHIVE PROSPECT** when you stop pursuing them).

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

11 Get pictures from their website

Save a business's pictures into its own folder. Later, every video for that business can use them without searching again.

- 33 Open **Image Library**. Under *Folders* you see **DENTISTS**, **FACILITIES**, **ATTORNEYS**, **OTHERS** and **GENERAL LIBRARY**.
- 34 Press the group (for example **DENTISTS**). Each business in that group has its own folder.
- 35 Press the business's folder, then **GET PICTURES FROM ... WEBSITE**. (Or press **+ GET PICTURES FROM A WEBSITE** and choose the folder in the window.)
- 36 The website address is already filled in. Press **SCAN WEBSITE** and wait — up to a minute.
- 37 The pictures appear, all ticked. Untick any you do not want. Tiny icons and logos-as-buttons are left out automatically.
- 38 Press **SAVE ... PICTURES TO ...**, then **CLOSE**. The pictures are in that business's folder.

Folders: four groups, one folder per business.

After **SCAN WEBSITE**: tick the pictures to keep.

The pictures saved in the Sunrise Family Dental folder.

Permission

Pictures from a business's website need that business's permission before they appear in a finished video. Each saved picture remembers which web page it came from.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

PART

Demos and sales

Show what you do, and let the prospect sign up and pay — in person, on Zoom, or from a link.

12 Choose the kind of demo

Open **Demo & Sales**. Under *1. Who is the demo for?* choose the prospect (or a new business). Under *2. Start the demo* there are three ways:

The screenshot shows the BrittVideo web application interface. At the top, there's a header with the BrittVideo logo, a 'DEVELOPMENT — test data only' badge, a 'Something needs your attention' notification, and a search bar. Below the header is a navigation bar with links: Command Center, Prospects, Demo & Sales (active), Clients, Projects, Quick Video, Image Library, and System Health. A 'Settings' link is also visible. The main content area is titled 'Demo & Sales' and includes a subtitle: 'One prospect-safe experience for in-person iPad, Mac + Zoom, and follow-up Demo Links.' A 'DEMO LIBRARY' button is in the top right of this section. The interface is divided into two main steps: '1. Who is the demo for?' and '2. Start the demo'. Step 1 has a 'Choose a prospect' dropdown menu with 'Sunrise Family Dental' selected. Step 2 has three options: 'In person — iPad' with a 'START IPAD DEMO' button, 'Remote live — Mac + Zoom' with an 'OPEN ZOOM DEMO WINDOW' button, and 'Follow-up Demo Link' which includes a description, a 'Link works for (days)' input field set to 14, a checkbox for 'Let the prospect sign up from this link (Become a Client)' which is checked, and a 'CREATE DEMO LINK' button. At the bottom, there's a 'Demo Links' section stating 'No demo links yet.'

Demo & Sales.

- **In person — iPad**: the iPad itself becomes the demo. Chapter 13.
- **Remote live — Mac + Zoom**: a separate demo window you share in Zoom. Chapter 14.
- **Follow-up Demo Link**: a private link you email or text. Chapter 15.

Good to know

In every demo, the prospect sees only your demo videos, what is included and the list prices — never your client list, notes or pricing history.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

13 Give an in-person demo on the iPad

- 39 On the iPad, sign in and open **Prospects**. Next to the business press **IPAD DEMO** (or use **START IPAD DEMO** in Demo & Sales).
- 40 The screen becomes *Sunrise Family Dental + BrittVideo*. There is no menu and none of your private information. Hand the iPad to the prospect.
- 41 They scroll through *What you get*, the *Examples* (press **▶ WATCH** to play one), and *Choose your package*.

The iPad demo, as the prospect sees it.

- 42 When they are ready, they press **BECOME A CLIENT — STANDARD** or **BECOME A CLIENT — PREMIER**.
- 43 The business details are already filled in. They type **Your name** and **Email** (phone is optional), read the agreement, type their full name under *Type your full name to sign*, and tick *I have read and agree*.
- 44 They press **CONTINUE TO PAYMENT**.

BECOME A CLIENT

Become a Client

We already have your business details — just a few things about you.

Business: **Sunrise Family Dental**

Website: 127.0.0.1:4000

Package: Standard — \$597 one-time

Your name: Dr. Priya Patel

Email: office@sunrise.example

Phone (optional):

Agreement — Standard

BrittVideo — Standard Service Agreement (terms version 2026-09-27.draft-1)

Price: \$597 one-time.

What you receive: a custom website video of up to 120 seconds; social versions in Landscape 16:9, Vertical 9:16 and Square 1:1; and a separate Email Video.

Your approval: BrittVideo shows you the script and scenes for approval. Nothing is produced as final without your approval.

Your content: you confirm you have the right to let BrittVideo use the website text, images and logos you provide or that appear on your website.

Ownership: once paid in full and delivered, you own and may download your finished video

Type your full name to sign

☐ I have read and agree to the Standard agreement

Become a Client: the agreement shows the exact price.

- 45 On the payment screen, in this version, press **PAY \$... WITH TEST CARD** (no real card is charged). **SIMULATE A DECLINED CARD** shows what a declined card looks like.
- 46 They see *Welcome to BrittVideo!* — the client, the order and the project now exist.
- 47 Take the iPad back. At the bottom left press **Owner: exit demo**. The Desk shows *BrittVideo is locked*.
- 48 Type your password and press **UNLOCK**.

Payment (test mode in this version).

The prospect is now a client.

After the demo, the Desk locks until you type your password.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

14 Give a demo over Zoom

- 49 On your Mac, open **Demo & Sales** and choose the prospect.
- 50 Press **OPEN ZOOM DEMO WINDOW**. The demo opens in its own window.
- 51 In Zoom, choose **Share Screen**, then pick **that demo window only** — not your whole screen.

- 52** Walk them through it. They can sign up later from a Demo Link (Chapter 15), or you can record the sale yourself (Chapter 16).

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

15 Send a follow-up Demo Link

- 53** In **Demo & Sales**, choose the prospect.
- 54** Under *Follow-up Demo Link*, set **Link works for (days)** (14 is the default).
- 55** Leave *Let the prospect sign up from this link* ticked if they may become a client from it.
- 56** Press **CREATE DEMO LINK**, then **COPY LINK**, and paste it into your email or text.

A new Demo Link, and the list of links with views and status.

Copy it now

For security the full link is shown only once — copy it right away. You can stop a link at any time with **TURN OFF** in the *Demo Links* list.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

16

Record a sale yourself (phone, Zoom or returning client)

Use this when the client agreed by phone, on Zoom or by email — or is buying again.

- 57 Press **RECORD A SALE** (Command Center, Prospects, or a client's **SELL MORE WORK**).
- 58 1. *Business*: the details fill in from the prospect, or type them.
- 59 2. *Package*: choose **Standard** or **Premier** . For a one-off price, open *Deal-specific price (optional)* and give a reason. Default prices are not changed.
- 60 3. *Agreement*: type the name of the person who agreed under **Agreed by (full name)** and tick that they accepted the agreement.
- 61 Press **CREATE SALE** .
- 62 Under **How was it paid?** type how you were paid (for example *Check #1042*), then press **RECORD PAYMENT OF \$...** . Or press **DO THIS LATER** — the Command Center will remind you.

Phone

Executive Director

2. Package

☒ **Standard**
\$597 one-time
A complete custom video kit for your business — one-time project price.

☐ **Premier**
\$997 + \$149/month
The complete video kit plus ongoing hosting, reporting and a fresh video every quarter.

► Deal-specific price (optional)

3. Agreement

The client's agreement text (with the exact price) is stored with the order as evidence. Type the name of the person who agreed.

Agreed by (full name)

☐ The client accepted the Standard agreement

CREATE SALE

Record a Sale.

☐ Everything in this chapter matched
☐ Something did not match — step number(s):

My notes and corrections:

PART

Your new client

Where a new client shows up, and what you can see and change about them.

The new client on your Command Center

After a sign-up or a recorded sale, the Command Center shows the client under *Needs attention today* as *New Client — Ready to Start*, and the *Revenue snapshot* includes the sale.

A new client waiting to start.

63

Press **OPEN PROJECT**. The project page lists the four videos (Website, Social A, Social B, Email), each *Not built yet*.

The project page: approvals, production and saved versions.

Saved versions (checkpoints): the Desk saves a version at every important step. **RESTORE** goes back to one. Restoring never invents an approval.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

18 The client page

- 64 On the project page press **OPEN CLIENT** (or open **Clients** and pick the client).
- 65 You see *Details, Marketing messages, Projects, Orders and History*.
- 66 Press **EDIT DETAILS** to change contact information, or **SELL MORE WORK** to record another sale.

The client page.

Marketing messages — press **CHANGE MARKETING PREFERENCE** to choose *Active, Paused* or *Unsubscribed*, then **SAVE PREFERENCE**.

Changing the marketing preference.

Unsubscribe protection

Messages about their own project are always allowed. Marketing is only sent while *Active*. Once a client is *Unsubscribed*, it can only be reversed at the client's own request — the Desk asks how they asked.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

PART

Build the Video Kit (the Builder)

Eight guided steps turn the client's website into four approved video scripts, with pictures, ready to produce.

The row of step buttons at the top always shows where you are: a green tick means done, and *YOU ARE HERE: STEP n OF 8* names the current step. You can press any step to go back to it. The client and website come from the sale, so Step 1 is already done.

19 Open the Builder

- 67 Open **Projects**. Press the client's *Video Kit* project (the Command Center's **OPEN PROJECT** goes to the same place).
- 68 Press **OPEN BUILDER**. You arrive at *STEP 2 OF 8 — ANALYZE WEBSITE*.

Projects: every project with its status.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

20 Step 2 — Analyze the website

The Desk reads the client's website and lists true statements (facts), each with the page it came from. Nothing is invented.

69 Check the **Client website** address. Press **ANALYZE WEBSITE** and wait.

- 70 A green box says how many pages, facts and pictures were found.
- 71 Read each fact. **Untick** anything wrong, out of date or not useful. Press **EDIT** to reword one.
- 72 To add something the website does not say, type it in **Add a fact yourself** and press **ADD FACT**.
- 73 Press **NEXT: REVIEW IMAGES →**.

The screenshot shows the BrittVideo web interface. At the top, there's a dark blue header with the BrittVideo logo, a 'DEVELOPMENT — test data only' badge, a 'Something needs your attention' notification, a search bar, and user controls (A, A+, A++). Below the header is a navigation bar with links: Command Center, Prospects, Demo & Sales, Clients, Projects (highlighted), Quick Video, Image Library, and System Health. A 'GET SUPPORT' button and user info 'Alex Rivera · Super User' with a 'Sign out' button are also present.

The main content area is titled 'Sunrise Family Dental' with a subtitle 'Sunrise Family Dental — Standard Video Kit · New — Ready to Start' and a 'PROJECT DETAILS' button. A progress bar shows 8 steps: 1. SELECT CLIENT (checked), 2. ANALYZE WEBSITE (active), 3. REVIEW IMAGES, 4. CHOOSE STORY, 5. BUILD VIDEOS, 6. REVIEW SCENES, 7. APPROVE, and 8. DOWNLOAD.

Below the progress bar, a white box states 'YOU ARE HERE: STEP 2 OF 8 — ANALYZE WEBSITE' with the instruction: 'BrittVideo reads the client's website and lists facts with where each came from. Keep only what is true and useful.'

The 'Client website' section has a text input field containing 'http://127.0.0.1:4000' and a green 'ANALYZE WEBSITE' button.

Step 2 before analyzing.

Facts found, each with *From* and the page it came from.

Good to know

Only the facts you keep ticked are used in the videos.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

21 Step 3 — Review the pictures

- 74 If you saved pictures to the client's folder (Chapter 11), press **ADD ... PICTURES FROM ... FOLDER**.
- 75 Pictures found by the analysis are already here. Add more with **ADD FROM MY IMAGE LIBRARY** or **UPLOAD FROM MY COMPUTER** (JPEG, PNG or WebP).
- 76 Untick *Use in this project* for a picture you do not want this time. Press **DO NOT USE** for a picture that must never be used in any video.
- 77 Press **NEXT: CHOOSE STORY →**.

The screenshot shows the BrittVideo interface. At the top, there's a dark header with the BrittVideo logo, a status bar indicating 'DEVELOPMENT — test data only' and 'Something needs your attention', a search bar, and user controls for 'GET SUPPORT', 'Alex Rivera · Super User', and 'Sign out'. Below the header is a navigation menu with 'Command Center', 'Prospects', 'Demo & Sales', 'Clients', 'Projects' (highlighted), 'Quick Video', 'Image Library', and 'System Health'. A 'Settings' link is also present. The main content area is for a project named 'Sunrise Family Dental', which is a 'Standard Video Kit' and is 'In Progress'. A 'PROJECT DETAILS' button is in the top right. A progress bar shows eight steps: 1. SELECT CLIENT, 2. ANALYZE WEBSITE, 3. REVIEW IMAGES (current step, highlighted with a blue border and a checkmark), 4. CHOOSE STORY, 5. BUILD VIDEOS, 6. REVIEW SCENES, 7. APPROVE, and 8. DOWNLOAD. Below the progress bar, a white box states 'YOU ARE HERE: STEP 3 OF 8 — REVIEW IMAGES' with the instruction 'Choose the pictures BrittVideo may use. Mark anything unsuitable as Do Not Use.' Underneath, a section titled 'Pictures for this project (5 in use)' contains three buttons: 'ADD 2 PICTURES FROM SUNRISE FAMILY DENTAL'S FOLDER' (green), 'ADD FROM MY IMAGE LIBRARY' (white), and 'UPLOAD FROM MY COMPUTER' (white).

The folder button appears when the client's folder has pictures not yet in this project.

Pictures for this project.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

22 Step 4 — Choose the story

- 78 Choose a **Video story**. Each industry has its own list (dentists, for example: *New Patient Experience*, *Meet the Dentist*, *Office Tour*...).
- 79 Choose a **Tone** (*Warm & Emotional*, *Professional*, *Friendly*, *Educational*, *Energetic* or *Premium / Cinematic*).

- 80 Choose the **Website Video length** — 30, 60, 90 or 120 seconds — and the **Creation platform** you will produce it in (for example *HeyGen*).
- 81 Press **NEXT: BUILD VIDEOS →**.

Choose the story, tone and length of the Website Video.

Video story **Tone** **Website Video length**

New Patient Experience Warm & Emotional 60 seconds

Creation platform

HeyGen

Social A and Social B are 30 seconds each (Landscape 16:9, Vertical 9:16 and Square 1:1). The Email Video is 15 seconds.

NEXT: BUILD VIDEOS →

Step 4. Social A and Social B are 30 seconds each; the Email Video is 15 seconds.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

23 Step 5 — Build the four videos

82 Check the summary (story, tone, length, platform, facts kept).

83 Press **BUILD 4 VIDEOS**. In a few seconds the Desk writes every scene for the Website Video, Social A, Social B and the Email Video.

The screenshot shows the BrittVideo interface. At the top, there's a dark header with the BrittVideo logo, a 'DEVELOPMENT — test data only' badge, a 'Something needs your attention' alert, a search bar, and user controls (A, A+, A++). Below this is a navigation bar with 'GET SUPPORT', 'Alex Rivera · Super User', and a 'Sign out' button. The main navigation menu includes 'Command Center', 'Prospects', 'Demo & Sales', 'Clients', 'Projects' (highlighted), 'Quick Video', 'Image Library', and 'System Health'. A 'Settings' link is also present.

The 'Projects' section is active, showing 'Sunrise Family Dental' with a 'Standard Video Kit' and 'In Progress' status. A 'PROJECT DETAILS' button is in the top right. A progress bar shows 8 steps: 1. SELECT CLIENT, 2. ANALYZE WEBSITE, 3. REVIEW IMAGES, 4. CHOOSE STORY, 5. BUILD VIDEOS (highlighted), 6. REVIEW SCENES, 7. APPROVE, and 8. DOWNLOAD.

A section titled 'YOU ARE HERE: STEP 5 OF 8 — BUILD VIDEOS' states: 'Build the four videos: Website, Social A, Social B and Email.'

Below this is a table with project details:

Story	New Patient Experience
Tone	Warm & Emotional
Website Video	60 seconds
Platform	HeyGen
Facts kept	11

Step 5, ready to build.

☐ Everything in this chapter matched ☐ Something did not match — step number(s): _____

My notes and corrections:

24 Step 6 — Review the scenes

- 84 Tabs at the top show each video and how many scenes are approved (for example *Website Video* · 0/12).
- 85 Read each scene: its *Narration* (the words spoken) and *Visual* (what the picture shows).
- 86 To change the words, press **REWRITE SCENE**, edit **Narration — the words spoken**, and press **SAVE SCENE**. The word counter tells you how many words fit the scene.
- 87 To change a scene's picture, press **CHANGE IMAGE**.
- 88 Press **APPROVE SCENE** on each scene, or **APPROVE ALL ... SCENES IN ...** for the whole video.
- 89 Do this on every tab, then press **NEXT: APPROVE →**.

The screenshot shows the BrittVideo interface. At the top, there's a dark navigation bar with the BrittVideo logo, a 'DEVELOPMENT — test data only' badge, a 'Something needs your attention' badge, a search bar, and user controls (A, A+, A++). Below this is a secondary bar with 'GET SUPPORT', 'Alex Rivera · Super User', and a 'Sign out' button. A main navigation menu includes 'Command Center', 'Prospects', 'Demo & Sales', 'Clients', 'Projects' (highlighted), 'Quick Video', 'Image Library', and 'System Health'. A 'Settings' link is also present. The main content area is for a project named 'Sunrise Family Dental', which is a 'Standard Video Kit' and is 'In Progress'. A 'PROJECT DETAILS' button is in the top right. A progress bar shows steps: SELECT CLIENT, ANALYZE WEBSITE, REVIEW IMAGES, CHOOSE STORY, BUILD VIDEOS, REVIEW SCENES (active), APPROVE, and DOWNLOAD. Below this, a banner reads 'YOU ARE HERE: STEP 6 OF 8 — REVIEW SCENES' with the instruction 'Read each scene. Rewrite words or change pictures, then approve each scene.' A row of video tabs is shown: 'Website Video · 0/12' (active), 'Social A · 0/6', 'Social B · 0/6', and 'Email Video · 0/3'. The 'Website Video' tab is expanded, showing '60 seconds · Landscape 16:9'. A button 'APPROVE ALL 12 SCENES IN WEBSITE VIDEO' is visible. The first scene, 'Scene 1 — Welcome', is shown with a video player and a duration of '0–5 sec'.

Step 6: one tab per video.

Scene 1 — Welcome 0–5 sec
 Narration: "Welcome to Sunrise Family Dental. Sunrise Family Dental provides gentle, modern dental care for the whole family in Albuquerque."

Rewrite scene 2 CLOSE

Scene name
 Our team has cared

Narration — the words spoken
 Our team has cared for Albuquerque families since 2004.
 9 words · about 12–16 words fit a 5-second scene. Only say what is true about the business.

Scene visualization
 Gentle, authentic moment using the approved image "Dr. Patel and the team" as the reference; subtle camera movement; one continuous shot.

SAVE SCENE

Scene 4 — New patients are always welcome 15–20 sec
 Narration: "New patients are always welcome, and we offer same-day emergency visits when you are in pain."
 Visual: Gentle, authentic moment using the approved image "Our kids corner" as the reference; subtle camera movement; one continuous shot.

Rewriting a scene.

Approvals follow the words

Changing approved words removes that scene's approval — and the final kit approval — until you approve again. That way, what the client gets is exactly what you approved.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

25 Step 7 — Approve the Complete Video Kit

90

Check that every video shows all scenes approved.

91

Press **APPROVE COMPLETE VIDEO KIT**. You see ✓ *COMPLETE VIDEO KIT APPROVED*.

92

Press **NEXT: DOWNLOAD →**.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

26 Step 8 — Download and deliver

- 93 Press **DOWNLOAD COMPLETE VIDEO KIT**. A zip file is saved to your Downloads folder.
- 94 After you send the finished work to the client, choose **How was it delivered?** (for example *Emailed download link*), add a **Note** if you like, and press **RECORD DELIVERY**.
- 95 It appears under *Delivery history*.

The screenshot shows the BrittVideo web interface. At the top, there's a navigation bar with 'BrittVideo', a status indicator 'DEVELOPMENT — test data only', a notification 'Something needs your attention', and a search bar. Below this is a user profile section for 'Alex Rivera - Super User' with a 'Sign out' button. The main navigation menu includes 'Command Center', 'Prospects', 'Demo & Sales', 'Clients', 'Projects' (highlighted), 'Quick Video', 'Image Library', and 'System Health'. A 'Settings' link is also present. The main content area is titled 'Sunrise Family Dental' and shows the project status as 'Standard Video Kit - Delivered'. A progress bar with steps 'SELECT CLIENT', 'ANALYZE WEBSITE', 'REVIEW IMAGES', 'CHOOSE STORY', 'BUILD VIDEOS', 'REVIEW SCENES', 'APPROVE', and 'DOWNLOAD' (highlighted) is displayed. Below this, a section titled 'YOU ARE HERE: STEP 8 OF 8 — DOWNLOAD' provides instructions: 'Download the approved kit, send it to the client, then record the delivery.' It also describes the contents of the kit: 'The kit contains every script as a file for each format (Website, Social A and B in Landscape 16:9, Vertical 9:16 and Square 1:1, and Email), the pictures used, and where every fact came from.' A 'DOWNLOAD COMPLETE VIDEO KIT' button is available. The 'Record delivery' section follows, with instructions: 'After you send or hand over the finished files, record it here. BrittVideo won't record a delivery before the approved kit is downloaded.' It includes a 'How was it delivered?' dropdown menu (set to 'Emailed download link') and a 'Note (optional)' text area (containing 'Sent to the office manager'). A 'RECORD DELIVERY' button is at the bottom of this section. The 'Delivery history' section shows a log entry: 'Emailed download link' with a timestamp 'Oct 7, 2026, 8:53 AM' and a green status bar indicating 'Delivery recorded.'

Step 8 after recording the delivery.

What is in the kit: one script file for every video and shape (Website; Social A and B in Landscape 16:9, Vertical 9:16 and Square 1:1; Email), a folder of the pictures used, and a file listing where every fact and picture came from.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

27 Producing the actual videos (today)

In this version the Desk prepares and approves everything, but the videos themselves are produced outside the Desk:

- 96 Open the downloaded kit.
- 97 In your video tool (for example HeyGen), create each video using its script file and the pictures in the kit.
- 98 Send the finished videos to the client, then record the delivery (Chapter 26).

Good to know

A later update connects the Desk to the video provider so it can produce the videos for you (see *Not in the Desk yet*).

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

PART

Everyday tools

28 Quick Video — one short video

A single purpose-built video without the full kit: thank-you, follow-up, review request, referral request, promotion, announcement, seasonal or email video.

- 99 Open **Quick Video** (or **BUILD A QUICK VIDEO** on the Command Center).
- 100 Choose **Who is it for?** (a client or prospect), the **Purpose**, the **Delivery** (*Email, Text / SMS Link or Website / Social*), the **Length** and the **Tone**.
- 101 Optionally personalize it: **Customer first name**, **Service provided**, **Provider / employee name**, **Special message** (and **Promotion / offer details** for a promotion).
- 102 Press **BUILD QUICK VIDEO**.
- 103 Read the narration. Change words and press **SAVE NARRATION** if needed.
- 104 Press **APPROVE SCRIPT**, then **DOWNLOAD SCRIPT**.

The Quick Video script, ready to approve.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

29 Image Library — more you can do

- Choose **ALL PICTURES**, a group, or one business folder to see those pictures. The search box and *All Categories* list narrow it further.
- **+ ADD IMAGES FROM MY COMPUTER** adds pictures to the folder you are looking at.

- Each picture can be set to *Available*, *Approved* or *Do Not Use*, given a category, **RENAME**d or deleted with **DELETE IMAGE**.
- *Not used anywhere* and *Possible duplicates* help you tidy up. Nothing is removed automatically.
- *Recently Deleted* keeps deleted pictures until you **RESTORE SELECTED** or **DELETE PERMANENTLY**. A permanently deleted picture can never come back, even from a website scan.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

30 Search

- 105 Click the search box at the top and type part of a name (for example *sun*).
- 106 Press a result to jump to that client, prospect or project.

Search results.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

31 System Health and GET SUPPORT

System Health shows whether your work is saved, storage, backups, automatic tasks and connections. Backups are made every night, checked, and kept 35 days.

107 If something looks wrong, press **GET SUPPORT** (top left on every screen).

108 Type what you were trying to do (optional) and press **PREPARE SUPPORT REPORT**.

109 Press **SEND FOR SUPPORT** (or **DOWNLOAD REPORT** to save it).
Passwords, card details and keys are never included.

Get Support.

☐ Everything in this chapter matched ☐ Something did not match — step number(s):

My notes and corrections:

PART

Quick reference

A normal day with the Desk

- 1. Open the **Command Center**. Check the top pill is green and read *Needs attention today*.
- 2. Start any new clients: **OPEN PROJECT** → **OPEN BUILDER**.
- 3. Record any payments the Command Center lists.
- 4. Add new prospects and save their website pictures.
- 5. Give demos, or send Demo Links to follow up.
- 6. Finish Builder steps, download approved kits, and record each delivery.
- 7. Sign out when you are done.

Not in the Desk yet

Coming	Until then
AI video production (HeyGen)	Produce videos yourself from the downloaded kit.
Delivery & Vimeo hosting for Premier	Send finished files yourself, then RECORD DELIVERY .
Customer emails & text messages	Nothing is sent to customers by the Desk.

Premier quarterly scheduling	The Command Center shows which videos are due.
Live Square card payments	Test card in demos; record checks or cash with RECORD PAYMENT .

If something is not right

What you see	What to do
Orange <i>Something needs your attention</i>	Open System Health . On a new Desk, press MAKE A BACKUP NOW . Otherwise press GET SUPPORT .
<i>BrittVideo is locked</i>	A demo ran on this device. Type your password and press UNLOCK .
I forgot my password	Another Super User or Admin can reset it in Settings → Users .
The website analysis found nothing	Some websites hide their text and pictures. Add facts with ADD FACT and pictures with UPLOAD FROM MY COMPUTER .
An approval disappeared	The words were changed after approving. Read the highlighted scenes, approve them, then approve the kit again.
A demo shows a dark box instead of a video	Add a Video link to that item in Settings → Demo Library .
Anything else	Press GET SUPPORT and describe what you were doing.

Corrections already spotted while making this guide

These were noticed while taking the pictures. They are listed so you can confirm them; they will be fixed before the resale edition.

- The sign-up *Welcome* screen says *Jim reviews your website...* and the demo footer says *Albuquerque, New Mexico*. For buyers, these must come from each owner's own Settings.
- The demo *Examples* show dark placeholder boxes until video links are added in the Demo Library.
- In Settings → Integrations, one key is labelled *anthropic.api_key*. It should read *AI writer key (optional)*.
- After **MAKE A BACKUP NOW**, the top pill stays orange until the page is refreshed.
- Pictures named from their file can start with a small letter (for example *hero*).

My overall notes

[illegible]
